

Fuel Surcharge Rates (effective 1/1/08)

Fuel Prices per gallon shall be determined by the DOE Energy Information Administration weekly survey of self-serve diesel fuel (national average) which is published each Monday.

The current Department of Energy National Average for diesel fuel can be viewed at their website (<http://www.eia.doe.gov>)

Per Mile rates are for shipments that are rated on a “per mile” basis. All other shipments will be rated at the percentage rate. Adjustment in rates will be made on every Tuesday.
